

NEWS NOTES OF PENDLETON

Claims Record Load.

V. C. Shively of the Leuer Auto Co., laying claim for hauling the record load of wheat. The load weighed 13,062 pounds and consisted of 102 sacks. It was hauled from the Motanic ranch to Mission station, a distance of 28 1/2 miles, on a three and a half ton Garford truck.

Wants All to Attend.

Major Lee Drake, of the Umatilla County Guard, urges that all members will make an effort to be present Wednesday, August 1, at the meeting for Umatilla county registrants, when men representing the State Council of Defense and the State Guard will be present.

Will Be Examined.

James Johns, Jr., left today for Walla Walla where he will be examined as an applicant for officers' training camp by Captain Steel, of the Whitman college summer training school. Karl Goodale and Harry Chambers expect to go to be examined soon but have not yet received notice.

Jerry Rank on the Other Side.

Mrs. J. P. Ruck, whose husband "Jerry" left La Grande some weeks ago for service in France in Red Cross work, has received a letter telling of his safe arrival in England. The letter is dated in London July 23rd, and states that his vessel took almost the same course across the Atlantic as did the ill-fated Lusitania.

Big Smoke at the Delta.

The atmosphere of the Delta was clouded last night at about 10:30 when volumes of smoke came from the candy kitchen on the upper floor. Investigation showed that a dish towel which had been placed on the stove pipe to dry was smoldering because of the heat and was just ready to burst into flames when discovered. Quick work on the part of the Delta employees prevented a fire.

Saw Liberty Motor Work.

The Flint daily Journal of Flint, Mich., where the Buick cars are made, carries a highly interesting story of an airplane flight over the Buick works by an American war plane equipped with a liberty motor made in the Buick works. Fifteen thousand workmen from the Buick plant saw the demonstration which is declared to have been a revelation.

Is Making Plans.

Miss Lorene Parker, home demonstration agent for Umatilla county, who arrived here Saturday, is at present formulating her plans for the summer duties. She expects that her most immediate work will be aiding the housewives of the vicinity in the solving of the sugar problem. Miss Parker is now located in the office of County Agent M. S. Shroek.

Mr. Hutchinson Has Blanks.

G. A. R. men and their families planning to attend the national encampment in Portland August 18-24, should consult S. P. Hutchinson, adjutant of Kit Carson Post G. A. R., so as to obtain the identification certificates necessary in securing the reduced fare for the trip. He has blanks sufficient to care for all who will go from this county. Under the regulations veterans must have these identification certificates which must be signed in the presence of the railroad ticket agent. The reduced fare is only for members of the G. A. R., women of the G. A. R. and relief corps, and members of the immediate families of veterans. Veterans not belonging to the G. A. R. or women not belonging to the ladies' organizations are not entitled to the reduced fare.

Is Now Instructor.

Bob Livermore, son of Mr. and Mrs. Lot Livermore, who recently entered the service as a member of the ordinance corps, has been appointed Company Instructor in ordinance and will be in charge of the ew units who

come to Fort Hancock, Georgia, where Livermore is stationed. Linwood Livermore, another son of Mr. and Mrs. Livermore, who recently entered the service as a member of the spruce division, is now working in the office in Portland.

Enlist in Navy.

Lester Sam Wilson of Milton enlisted today in the navy, as an apprentice seaman. He will leave tomorrow for Portland.

Captain Williams Returns.

Captain H. E. Williams of the Oregon Military Police, returned this morning from Portland where he conferred with Major Richard Drish on official business at headquarters.

Red Cross Receives Yarn.

The Umatilla County Red Cross received 95 pounds of sweater yarn today. The wool, which is of the olive drab variety, will be distributed to the various auxiliaries in the county.

Recruit Was in Service.

Charles R. McDonald, who was formerly in the Canadian service, is a new recruit who joined the Oregon Military Police yesterday. McDonald, who has been clerking in the Grand Hotel at Walla Walla, has the rank of a private.

Act As Patrols.

All the wheat fields within a radius of 25 miles of Pendleton are being patrolled by members of the Oregon Military Police. It is the special duty of the men to be on the watch for fires and to prevent any L. W. W. activities in regard to the wheat.

Students Textbook.

"Students Textbook" is the title of a book to be issued soon by the U. S. department of labor according to a letter received by C. K. Cranston, secretary of the Commercial Association. The book will be for the instruction especially of those seeking to become citizens of the United States by naturalization, and is to be distributed by the government free of charge.

Thornhill Bridge in Use.

Machines are now using the Thornhill bridge. Both approaches have been completed and travelers say they are in fair condition. Use of the bridge shortens the trip from here to Hingham Springs and shortens the trip from Pendleton to Athena, Weston and Walla Walla by about eight or 10 miles.

Demonstrates New Oil.

Mrs. D. E. Olds is in Pendleton as a demonstrator for the new Masola oil for cooking, which is known as the Liberty oil which will succeed Wesson oil because the latter will be taken off the market as it is needed for war purposes. Mrs. Olds has just completed her demonstrations at Alexander's grocery, and is now at The Peoples Warehouse and expects to go also to Conroy's and Gray's.

Will Enter Training School.

R. M. Sawtelle left yesterday evening for University of Oregon, Eugene, where he will attend summer training camp there. The camp is under the direction of Colonel John Leader, of the Irish Rifles. The attendance is large and reports of the work of the camp indicate great success. Mr. Sawtelle will visit at Ridgefield, where he will join Mrs. Sawtelle who has been there for some time.

Have Finished 48.

After two weeks work by Pendleton women at the Red Cross work room in the federal building which ended yesterday, 48 hospital bed jackets are finished as a part of Umatilla county's quota of 250 which will be shipped September 1. Mrs. A. H. Cox, head of the making of hospital garments, is at present folding the completed jackets preparatory to shipping. She says that no jackets have been sent in yet from the various auxiliaries but she

expects them soon. The reason for the delay is that many women are busy because of harvest work.

Held for Whipping His Wife.

Dude Leithbridge, a barber, was placed under arrest last evening by the G. M. P., charged with wife beating. His fouring will be held this afternoon before Recorder Thur. Eric Gerald. Leithbridge was arrested at his home on Cosbie street, and is said to have been under the influence of liquor with evidence in the way of broken bottles of there having been a considerable quantity of whiskey about the premises.

Order Cans and Jars Now.

Housewives are urged by the U. S. department of agriculture to lay in their canning supplies at once because reports show that in some states there is difficulty in securing containers for home canning. The shortage of tin cans, glass jars and rubbers, coupled with delayed express shipments causes the department to suggest that women confer with the county agent and the local home demonstration agent. Some of the local stores here say that delayed manufacture and shipping has caused a considerable shortage, while others are well supplied because of early buying.

Tentative Plan of Meeting.

Plans are being arranged for the meeting for registrants in Pendleton, August 7. At a meeting of the executive committee yesterday, consisting of E. B. Aldrich, chairman of the public safety committee; G. C. Matlock, chairman of the four minute speakers; and Major Lee Drake of the Umatilla county guard, it was decided, subject to the approval of the visiting officers, to hold the exercises at the North Side park, with a battalion review in their honor, followed by the addresses for the general meeting. The talks for the registrants will follow at some hall to be selected by the committee.

Will Get Equipment.

The two local companies, A and C of the Umatilla County Guard, who formed a National Rifle Club some time ago, are to receive 10 Kraig rifles, 12 gallery rifles and 1200 rounds of ammunition. Besides a complete set of targets and rifle range equipment. This was announced in a letter to the guard from the department of Civil Marksmanship at Washington, D. C. The companies, acting as the Rifle Club, sent in the resolution some time ago through the National Association. It is probable that a rifle range will be established down the river, near Barnhart.

Receives Souvenirs of France.

Miss Virginia Todd received a box from France yesterday containing souvenirs of the war zone. Among them is a service pin similar to those worn by the French women. It is of red and green striped corded silk, and upon this is a star made of bronze. The star is not simply embroidered on the cloth; it is a real star of the metal. Other souvenirs are several French coins and a letter seal made of an empty shell and ornamented by two buttons taken from the coats of German prisoners taken by the Americans.

Want Comfort Bags.

The Umatilla County Red Cross is receiving many requests for comfort bags from the Umatilla county men who left in the last three drafts. Cards given by the chapter to be filled out by the men when they have passed their examinations are coming in rapidly and Mrs. Harry Chambers, one of the Pendleton women who is in charge, received 29 cards yesterday. At present there is a little difficulty in getting the khaki for the bags but C. E. Roosevelt, secretary, expects to adjust this matter soon. Some of the men have signified a desire to receive a pillow also, and so large has

the demand became that the Red Cross may take up this form of work more extensively.

Harvest Under Way.

W. W. Harrah has started harvesting a section of wheat he has on Wild Horse a short distance east of Pendleton. The field he is cutting on now is running very low, but is of splendid quality. It is marquis wheat, and he has other fields that will go better than 20 bushels to the acre.

Asked to Attend Meeting.

W. W. Harrah received a wire this morning from ex-Gov. H. C. Stuart, chairman of the agricultural advisory committee, notifying him there would be an important meeting of the committee in Washington, August 5, and urging him to be present. Mr. Harrah is somewhat undecided what to do in the matter, as he has a section of wheat to harvest, and being in the midst of this work will find it very hard to get away.

Special Meeting Tomorrow.

A meeting of the directors of the auxiliaries of the Umatilla County Red Cross will be held tomorrow at 9:30 a. m. in the federal building in answer to a call sent out by Chairman W. L. Thompson. The meeting is for the purpose of changing the hour of meeting from 3:30 p. m. to 9:30 a. m. so the directors in the west end of the county can attend the meeting, and return to their homes on the same day. Up to the present time the train schedule has necessitated their staying overnight in order to attend at 3:30 p. m.

NEED TEACHERS WITH NORMAL TRAINING

County Report Shows Lack of Normal School Training Among Teachers.

County School Superintendent W. W. Green has just prepared his annual report of the past year of the schools of Umatilla county, which gives some interesting statistics. One thing borne out by the report is the need of normal training for teachers. The report shows a total of 213 teachers employed, 46 men and 207 women, and the total number registered based on normal school standing are 14, while 45 have college credits. Only 10 teachers in the county have only completed the eighth grade.

The average salary paid, male teachers is \$112.11, and to female teachers, \$75.00. Principals of schools of two or more rooms were paid \$128.12 on the average. Salaries for the coming year will show a considerable increase over the above. The last census report gives the number of children from 4 to 20 years of age at 1281. This number forms the basis of making the apportionment of state and county school funds. The number of children enrolled in the schools were 435. 2547 boys and 2291 girls. There are 163 organized school dis-

tricts in this county, and 120 school houses. Four school houses were built during the year. The total value of the school houses is given at \$770,957, and of furniture, \$99,384, making a total value of school property, \$870,341.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leaves in their elementary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing from the stomach liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire elementary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, biliousness, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pass do.
